# Install FollowMe-Student Print Driver

1. Click on ⊞ Windows button in lower left-hand corner and type \\puma (Use the backslashes above the enter key)

2. Click on \\puma, Run command or hit enter.
3. Scroll down to FollowMe-Student. There are other FollowMe choices so be sure to choose this exact wording.

4. Double click on it. The driver will install and it should be an option when you go to print a file.
